Elementary Crossword Puzzles for Liberal Arts Students

学芸学部生のための初級英語クロスワードパズル

Tetsu SUZUKI

鈴木 哲

This paper is to present the twelve elementary crossword puzzles that the author has created for liberal arts student, following the ten thematic crosswords, posted in this *Journal of the School of liberal Arts (JSLA)*, Volume 6, 2014, by the School of Liberal Arts, Ohkagakuen University. Some of the previous thematic crosswords related to the courses of management, marketing, and global business classes were presented to the students of each course that the author teaches, as their assignments, for making them familiarized with learner's monolingual dictionaries, building their useful vocabulary, and better understanding the materials. Responding representative comments "The puzzle was too difficult, but I was happy when I came up with answers," the author has created easier version (but does not follow that is easier to construct) of Crossword Puzzles for them. Allow the author to frequently use words related to the campus, such as Ohkagakuen or cherry blossoms, in view of the fact that they were intended to author's students on campus.

本稿は『桜花学園大学学芸学部研究紀要』(JSLA), Volume 6, 2014所収「学芸学部生のための英語クロスワードパズル」の続編である。前稿では主題別クロスワード10点を掲げたが、今回は主題の制約を受けないより容易なクロスワード12点を紹介する。前回パズルの一部は、経済当該科目受講者が学習者用英英辞典に慣れ、語彙力をつけ、教材をより理解するため、事前課題として提供した。代表的な反応は、パズルは難しいが解けた時の爽快感はたまらない、であった。そこでより容易に感じられる（作成の容易を意味しない）クロスワードを制作した。桜花学園大学に関係する用語がしばしば登場するのは同大学学生への配慮であるが、これが一般的の英語学習者の利用に支障となることはない。

Much is the same as for the preceding thematic “Crossword Puzzles for Liberal Arts Students” in 2014, and thus there is a few that the author has to mention before actual crosswords, except the following points that students should or may know before they take a pencil to fill in:

### How to Solve the Crossword Puzzle

1. Do not start with the across one; start with where you are rather sure and comfortable.
2. Do not put into Japanese; draw an image by reading definitions or clues.
3. Do not use ink: use a pencil or friction pen that can be erased.
4. Do not be rigid for your answers for squares; there should be options for life.
5. Do not rush; take time to enjoy the process of solving step by step.
6. Do not merely rely on your brains; use the wild card function on an electric dictionary.

### Educational Values of the Crossword Puzzle

1. Being encouraged to think in English according to the definitions or clues given.
2. Learning correct spelling by filling in squares in the diagram across and down.
3. Being encouraged to use monolingual dictionaries rather than bilingual ones.
4. Being familiar with the new functions such as of the wild card and affix searches.
5. Learning grammatical rules and common knowledge by filling in blanks.
6. Improving vocabulary, by the mentioned above, while having fun.

### How to Use the Wild Card

1. Select a dictionary on your electric dictionary; it may not work on a multiple search.
2. Enter “?” for missing letters, as in “?N?T??L” for a seven-letter word “\*N\*T\*\*L.”
3. To enter “?” press “shift” and then, for instance, press “K.”
4. To enter “~” (swung dash), or another word search, press “shift” and then press “L.”
5. For a search for an inquiry “\*N\*T\*\*L,” your dictionary may return *initial* and *install*.
6. You may choose an appropriate word among those shown for the crossword puzzle.

### How to Construct the Crossword Puzzle, if you dare to

1. Select a cross word software application on the website, or prepare squared paper.
2. Design a symmetrical diagram, looking the same when they are turned upside down.
3. Pay attention to the quality of the definitions and the integrity of the word combination.
4. Black squares are generally limited to one-sixth, and no segment’s cut off from the rest.
5. Some phrases, quotations, knowledge may be employed, with dictionary definitions.
6. You will understand solving the crossword is much easier than creating one.
